20 Summary of the prosecution

35

1

Examiner called Applicant and indicated that the application would be allowable if claim 1 were amended to include the limitations of either claim 9 or claim 16. Applicant responded by faxing Examiner an amendment of claim 1 that included the limitations of claim 9. Examiner responded with a marked up copy of the claims indicating additional
5 amendments. Applicant is hereby presenting a slightly modified version of claim 1 as faxed to Examiner and otherwise accepting the additional amendments. The dependent claims have been amended as required to bring them into conformance with amended claim 1. Applicant is making these amendments solely to obtain rapid allowance of claims covering the Trackwise product currently being produced by Applicant's
10 Assignee. Applicant is not conceding that claim 1 as amended 14 March 2007 is not patentable over the references cited by Examiner and reserves the right to file a divisional application containing that claim.

Please amend the claims as follows:
